

# THE VIRTUAL ESCAPE ROOM

## A VIRTUAL TEAM-BUILDING & INNOVATIVE PROBLEM-SOLVING EVENT

The best way to connect, compete and have fun in less than 2 hours! Collaboration, teamwork, strategy, and solving problems will be critical to experience success! After some fun ice-breakers and an event briefing, teams will be put into break-out rooms to form their vision and strategy. Using a fully customized interactive platform, facilitated by the Virtual Games Master, team challenges will be 'un-locked'. The goal of the game is to use any means available, to collaborate and creatively solve as many challenges correctly in the specified time period. Intermittently, key questions will need to be answered about team dynamics or strategy, before teams can move on. The game is fully facilitated with a meaningful debrief. Our Virtual Games Master may even host a final Zoom celebration & awards party at the end (optional)!

### **Benefits:**

- Strengthen connection & team development
- Promote problem-solving & innovation
- Create a sense of urgency through competition
- Integrate key learning insights through meaningful de-brief
- Boost spirits & have fun together!

### **Features:**

- Requires use of desktop computer or mobile device
- 8-15 challenges over a 1-2hr framework
- Ideal for 10-100's of participants
- Live support & facilitation by Virtual Games Master
- Can be customized to meet your unique needs
- Option for virtual awards and celebrations!
